

WHAT'S IN THIS EMAIL

1. USAPA National Tournament Volunteers Needed

1. USAPA National Tournament Volunteers Needed

Below is an email, from Jan Booth, requesting volunteers to help out at the 2011 USAPA National Tournament. I encourage our members to support this great event played in our area. Our clubs support will help make this event a success.

SCG Pickleball Club is in charge of the event desk for Monday, November 7, 2011, (Men's Doubles 19 - 65) during the 2011 USAPA National Tournament. A lot of members/volunteers have stepped up to man the event desk, so those positions are filled. This year the USAPA has asked us to also supply up to a maximum of 4 Safety/CPR/AED qualified personnel on Nov. 7th. We need two volunteers to work either the morning shift (7:00 - 12:00) and two to work the afternoon shift (12:00 to the end of play) or two to take the entire day. Safety/CPR/AED volunteers may also be needed on other days of the tournament for anyone wanting to help out. Anyone that can help us with the Safety committee, please contact me by September 30th at 556-0720 or by email at pickleball@cox.net. You will receive a volunteer shirt with a minimum of 5 hours, so please include your shirt size when you volunteer.

Becky and Tom Wells, of Happy Trails, will chair the Safety/CPR/AED team for the 2011 USAPA Tournament.

If someone in our club is interested in taking the American Heart Association class, the Wells' will be teaching a class on Saturday, October 29th, at Happy Trails. Prior registration is needed. The fee will be \$15 per person which will include their certification card. Please contact Becky and Tom Wells via email at fulltimers@yahoo.com or 503-702-0272.

This is a great opportunity to see some good Pickleball play, as well as help out the Pickleball community.

*Thanks,
Jan Booth*
