

You may sign up to monitor by going to our website at www.grandpickleball.org and clicking on "Monitor Schedule" in the top menu. In the bottom left corner of the calendar is a link to "login". Click on the link. The username is "xxxx" and the password word is "xxxxxx". The calendar will reappear after signing in. Click on the date you would like to serve and then click on "add event". When you get to the "add event" screen, you only need to fill in your name and complete the start and end time, which is 9:00 am to 12:00 pm this time of year, or the same hours as the drop-in event during other times of the year.

Send an email, with your name and CAM Card Number, to the email address below for the username and password.

Please let me know if you need any additional help and thank you for your interest in fulfilling the clubs monitor requirements.
